## A. Overview of AccessLink Service

AccessLink Drug Navigation Services (“**AccessLink**”) offered and administered by BioScript is aimed at simplifying access to patient care and medication access through assistance in administrative and drug reimbursement navigation support (the “**Services**”).

As part of my participation in the Services, I understand that I will be offered confidential patient support services, at no cost, including but not limited to administrative, drug navigation and reimbursement support and may be contacted by phone, email or otherwise.

Services offered may include:

- Benefits investigations and reimbursement support, including assistance in identifying potential coverage requirements and eligibility for financial support;
- Coordination of required paperwork and forms submission to facilitate coverage for prescribed medications;
- Coordination and enrolment with available patient support programs; and
- Pharmacy dispensing, clinical education, and support.

The AccessLink Services do not provide medical advice or medical diagnosis. You agree to seek the advice of your treating physician or other qualified healthcare provider(s) if you have a health concern and not to disregard professional medical advice based on the information obtained from AccessLink. AccessLink reserves the right at any time, without notice, to modify, discontinue or terminate the Services.

You acknowledge that you have read the below Consent terms and you consent to the transfer of your personal information, health information, and the prescription (if applicable) to AccessLink.

## B. Consent to Collection, Use and Disclosure of Personal Information

**What information:** You hereby authorize AccessLink to collect, use and disclose your personal information and health information to provide you the Services, including your:

- Health & Drug Insurance Information
- Drug Interactions
- Medical Conditions & Medical History
- Personal Information (Name, Address, Contact Information)
- Prescription Information
- Adverse Event Information
- Medication Shipment & Dose Dates

**Who may we interact with:** AccessLink may collect, use and disclose your personal information and health information as needed to provide you the Services, including with your health-care providers (physician, nurse practitioner, etc.), pharmacy of choice, public or private insurance or benefits provider and any Patient Support Program (“PSP”) that you are or will be enrolled in. You authorize AccessLink to collect and disclose your personal information and health information to and from the above listed individual(s) and organization(s).

**For what purpose:** The purpose of the collection, use and disclosure of your personal information and health information is to provide you the Services which may include drug reimbursement assistance, adverse drug event reporting, and to assist your PSP, health care providers, and pharmacy of choice to provide their services to you. AccessLink will use your information to provide the Services to you and may also use your information in an aggregate or de-identified form to improve its products and services.

Your personal information and health information collected as part of the Program will be protected by reasonable physical, administrative, and technical safeguards to protect it against loss, theft, and unauthorized access, communication, copying, use or alteration.

**How long does this apply?** This consent is effective from the day first written above and shall remain effective so long as you receive the Services and for a reasonable period of time thereafter. You may refuse to provide this consent to us or withdraw it at any time. If refuse consent, AccessLink will not be able to provide you with the Services. If you withdraw your consent, AccessLink will no longer be able to provide you with the Services, but such withdrawal will not be retroactive.

**Your obligations:**

- a) You must inform us if you cease to be enrolled in your PSP(s) for any reason.
- b) If there are any changes to your treating health care providers or pharmacy of choice.
- c) Provide us accurate information and updates so we can provide you the Services.

**Acknowledgements:**

- a) I understand that my personal information and health information may leave my province of residence and may be stored or processed outside of Canada. If this is the case, then my information would be subject to the laws of that country where it is stored and may be disclosed to that government under different circumstances than it would Canada.
- b) I understand why I have been asked to provide consent to the disclosure of my personal information and health information and I am aware of the risks and benefits of consenting or refusing to consent.
- c) I may ask any questions about privacy and compliance or exercise my privacy rights by contacting the Privacy Officer by email ([privacyofficer@bioscript.ca](mailto:privacyofficer@bioscript.ca)) or telephone (1-888-734-3814)
- d) I understand I may withdraw this consent in writing at any time.
